37. (1) A separate and distinct circuit shall be provided for the supply to cinematograph lamps. Such circuits shall be controlled by a suitable main switch and fuse required in pursuance of paragraph 39 of this schedule; and there shall be in addition for each lamp a totally enclosed double pole iron clad switch and fuse placed in a convenient position within the enclosure.

**No. F.12(35)46-L.S.G.**—In exercise of the powers conferred by section 12(1) of the Trade Disputes Act 1929, the Chief Commissioner of Delhi pleased to direct that the following report of the Conciliation Board, constituted under section 3(b) of the said Act, to settle the trade dispute between the Delhi Joint Water and Sewage Board and its employees be published:—

*Report of the Board of Conciliation appointed by the Chief Commissioner, Delhi Province to settle the dispute between the Delhi Joint Water and Sewage Board and its employees.*

In exercise of the powers conferred by Sec. 3(b) of the Trade Disputes Act, 1929, and by his Order dated 27th June 1946, the Chief Commissioner, Delhi, referred the dispute between the Delhi Joint Water & Sewage Board, and its employees, to our Board of Conciliation.

2. The Delhi Joint Water and Sewage Board was represented before the Board of Conciliation by Mr. Berry, and the Joint Water and Sewage Board Employees Union, Delhi by Messrs. Mohamad Zafruddin, Hem Chand, Abdul Rashid and Ali Mohamad Khan. At some meetings a few other workers of the Delhi Water and Sewage Board were also present.

3. At the first meeting of the Conciliation Board, after preliminary discussion, the procedure to be adopted was settled. It was decided that the Union should submit its memorandum on the matters in dispute and the Board should then give its written reply. The memorandum and the reply were duly received. Thereafter for some time no meeting of the Board could be held, as one or other member of the Board could not be present.

4. With a view to facilitating the work of the Board and avoiding unnecessary recording of evidence, the parties agreed that after a general discussion on each of the points in dispute by the respective parties, evidence should be recorded on such of the facts or matters as were disputed by them. It was also agreed that the final settlement of the dispute should depend upon agreement on all the points, and that the agreement reached on individual points should be considered as merely tentative, so that if on any particular point no agreement could be reached, the conciliation of the dispute should be considered to have failed on all the points.

5. Several meetings of the Conciliation Board were held in which, after general discussion on each item, suggestions were made to the parties for their consideration, and sufficient time was given to them for this purpose. This course facilitated the settlement. It was not found necessary for any party to lead evidence before the Conciliation Board.

6. Personal inspection was made by the members of the Conciliation Board in regard to certain items in the memorandum of the Union.

7. Final agreement was reached in respect of all the points. The terms of agreement were signed by the parties before us on 20th December 1946. These terms are embodied in appendix 'A' to this report.

8. During the proceedings before us we received all co-operation from the representatives of both the parties. Spirit of goodwill and desire for settlement prevailed throughout. We are grateful to both the parties for the way in which they helped us in arriving at a settlement, which we feel, is in the interests of both the parties.
